KANSAS

Products and Services Catalog

Manufactured and offered by Kansans who are blind or severely disabled.

You're not only making a
purchase, you're making a difference
in the lives of Kansans.

General Information

This catalog is published in compliance with the Kansas State Use Law (SUL), as set out in K.S.A. 75-3317 through 75-3322. The intent of the SUL is to support employment opportunities of Kansans who are blind or disabled. Purchasing SUL products and services from these exceptional Kansans helps them to be a productive force contributing to the economy of our State. When a State agency or Unified School District needs to purchase products contained in this catalog, it is a violation of Kansas law to purchase such products from any source other than those vendors in this catalog. The Kansas Director of Purchases, in conjunction with the Kansas State Use Law Committee, has found the items in this catalog to be consistent with "The Kansas Use Law," priced competitively and has approved them as mandatory purchase items from Kansas SUL vendors.

A Summary of Kansas Law about Purchasing

Summary of K.S.A. 75-3321

The Director of Purchases and any person or officer authorized to purchase materials and supplies for any State agency or Unified School District operating in Kansas, or to purchase services for any agency within Kansas State government, shall purchase, from the catalog, "Products and Services Manufactured and Offered By Blind and Severely Disabled Kansans," at any time when the listings in that catalog will meet the needs of the agency or school district.

Summary of K.S.A. 75-3322

Whenever the qualified vendors represented in this catalog are unable to supply the products or services needed, or are unable to meet delivery requirements on any purchase order or requisition, a written waiver request shall immediately be forwarded to the Director of Purchases by the state agency procurement officer or purchasing officer of the Unified School District. If approved by the Director of Purchases such waivers shall relieve and exempt the state or Unified School District from the purchasing requirements set forth in the relevant Kansas laws (K.S.A. 75-3317 and 75-3322). The waiver granted shall apply only to the case of the specific purchase order, request or requisition.

Benefits of the program

- Yields meaningful employment and training
- Compliments and encourages efforts to deinstitutionalize people who have disabilities
- Advocates self-sufficiency for those with disabilities
- Reduces cost of service care for people with disabilities
- Encourages community involvement and support of people who have disabilities
- Supports efforts for a good business approach to spending vocational rehabilitation dollars
- Increases tax base
- Decreases tax requirements
- Stimulates growth of Kansas local economy
- Ensures continuity in the supply of needed services and products to customers
- Provides opportunity for State agencies to contract for services at a lower cost than in-house services
- Promotes productivity in vocational rehabilitation centers

Our Policy

We place strong emphasis on the quality and reliability of our products and services.

Our products and services are guaranteed to give satisfaction.

If there is a factory error, the qualified vendor will issue proper credit or replacement after receipt and inspection of goods.

Freight will be paid by the qualified vendor if a factory error was made.

Feel free to write or call with any comment. You will receive fast, personal attention.

We want you to be as pleased as we are with the efforts of our facilities.

- More than 75 percent of major contract workforce comprised of people with disabilities
- Document Conversion: *office document scanning — document preparation — ISO & AIIM compliant — indexing by numeric, date, text, and document type fields — delivery to customer specifications*
- Mail Management &

Processing: *sort and connect to electronic image — multi-format, receiver specific delivery — electronic storage and maintenance — customer driven tracking, distribution and reproduction*

- Call Center development

***Consistently surpassing customer expectations
— let us do the same for you.***

BTCO is backed by more than 20 years of technical expertise in the document management industry, and is an active NISH/AbilityOne contract provider. **Sample pricing and quotes are based on individual requirements.**

Business Technology Career Opportunities, Inc., is an affiliate and support organization of the Cerebral Palsy Research Foundation of Kansas, Inc.

Guidelines for the Purchase, Use and Return of Printer Cartridges

The State Use Catalog Vendor for laser printer cartridges, inkjet printer cartridges, multifunction and fax machine cartridges is:

Cartridge King of Kansas, Inc.

Recycle ALL Printer Cartridges

Printer cartridges purchased with state funds are the property of the state, and they have monetary value even after they are empty. Since disposal of printer cartridges adds to the tonnage of solid waste in landfills and can contribute to the depletion of natural resources, state agencies, universities and school districts must recycle printer cartridges whenever possible.

When a printer cartridge is empty, **DO NOT** throw it away, and **DO NOT** offer or sell it to a third party. The state's printer cartridge remanufacturing program requires that each empty cartridge be returned to the approved State Use Catalog Vendor. Failure to return empty cartridges may result in an additional core charge upon reorder. Returning empty toner cartridges to the approved State Use Catalog Vendor reduces cartridge remanufacturing cost and waste in our landfills.

To assure the state's printer cartridge remanufacturing program, all cartridges used by state agencies and school districts should be remanufactured whenever possible. Order a remanufactured product unless one of the following conditions apply:

1. Adequate market research establishes that remanufactured cartridges do not exist for the type of equipment used.
2. The price with the same page yield offered for the remanufactured cartridge is higher than a new cartridge from the Original Equipment Manufacturer (OEM).
3. Remanufactured cartridges are not available in quantities needed within the timeframe required.

What Do I Do With Empty Cartridges?

Contact the approved State Use Catalog Vendor to pickup your empty laser printer cartridges, inkjet printer cartridges, multifunction and fax machine cartridges.

Cartridge King of Kansas, Inc.

Phone: 888-621-5860 email: info@cartridgekingks.com

What About Quality and Warranties?

The remanufactured products offered by the State Use Catalog Vendor meets standards for print quality and page counts. Contact the State Use Catalog Vendor for additional information on testing procedures, certification and product guarantees.

Cartridge King Of Kansas

The mission of Cartridge King of Kansas is to empower individuals with disabilities to maximize their potential while securing their economic self-sufficiency, independence and integration into society.

CENTER INDUSTRIES CORPORATION

Graphics Division

Specializing in custom printed hang tags and security decals

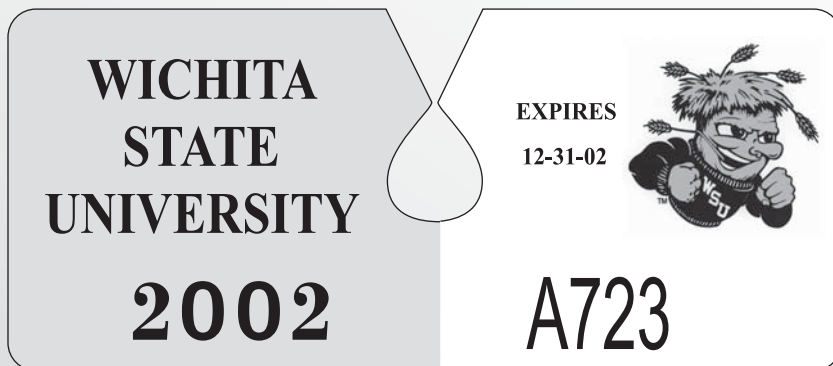

HANG TAGS

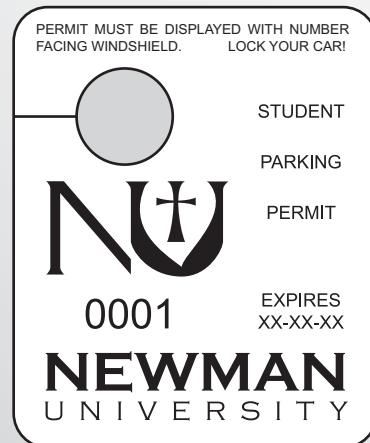

Sample pricing reflects hang tags printed on one side with one ink color.

Size	Material	500	1000	2500	5000+
3"x4"	.023 plastic	0.9533	0.6478	0.4649	0.4036
3"x6"	.023 plastic	0.9997	0.6974	0.5113	0.4500

We will prepare a quote for you based on your individual needs.

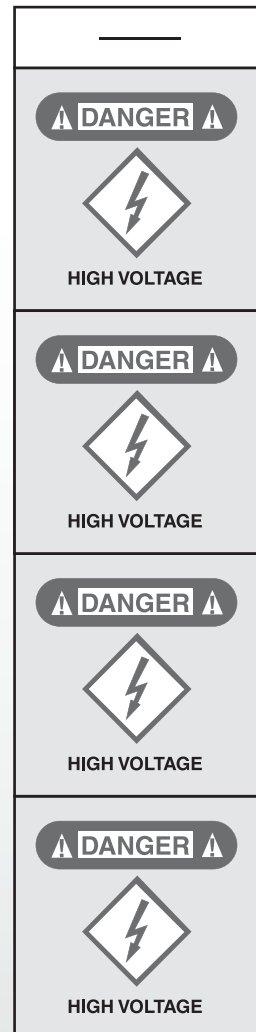

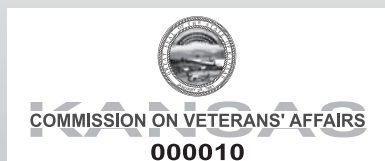

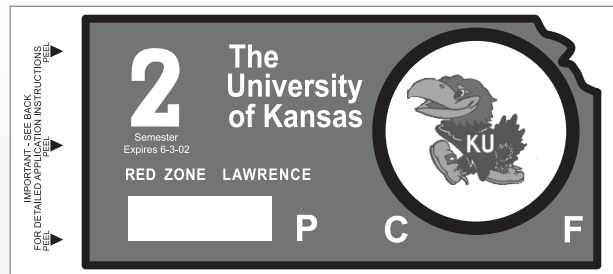

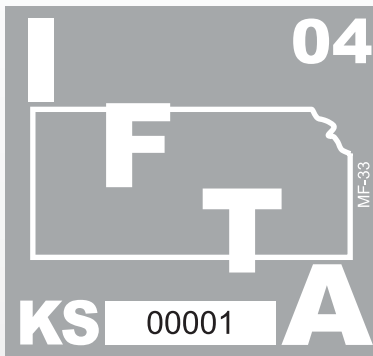

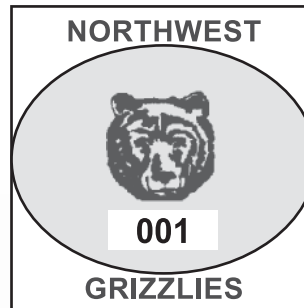

Our Graphics Department, in addition to offset printing and die cutting, specializes in high volume, auto-feed silk screening. This includes high level security, time sensitive and sequentially numbered items, printed on both standard and unique substrates such as vinyl, reflective and plastic. Center Industries Corporation is a licensed vendor for a national manufacturer, specializing in custom holograms and tamper resistant coverings for both indoor and outdoor applications. Combining years of experience with modern technology, our Graphics Division staff works with the customer to design a product that is both professional in its presentation and built correctly for its application.

CENTER INDUSTRIES CORPORATION

DECALS

We will prepare a quote for you based on your individual needs.

Puncture & Tear Resistant Liners

Linear Low Density

Our star seal **linear low density** polyethylene liners are highly recommended for puncture and tear resistance. They are a **great application when sharp and jagged objects** are being discarded. Designed for multi-purpose workloads.

Soft Refuse Liners

High Density

The high molecular weight of the **high density** polyethylene resin produces an economical liner that is approximately 1/3 the weight of traditional can liners. The use of fewer raw materials returns less plastic to our environment. **Great for office, kitchen and bathroom applications.** **Good load-bearing capabilities.**

ECONOMICAL!

Coreless Roll Can Liners

CONVENIENT!

Our **coreless roll can liners** combine high quality with the convenience of an **easy-to-dispense individual roll**. We designed them to be user-friendly. Coreless roll can liners save you storage space. They are perforated for easy dispensing and are available in either high density or linear low density.

Total Recycled Content Bags

Puncture & Tear Resistant / Linear Low Density

Our total recycled content bags are manufactured from **100% recycled resins** (30% post-consumer recycled material). Our "TRC" bags stand up to the heavy workloads while minimizing input of resins into our waste systems.

Other sizes and thicknesses available upon request.

100%

Insect Repellent Trash Bags*

Puncture & Tear Resistant

Keep Bugs Away!

Our **Pest-Guard™** insect repellent trash bags are an environmentally sound solution for the prevention of insects and pests invading garbage bag handling and disposal. Our insect repellent trash bags are a recycled linear low and low density product containing **non-toxic and non-DEET** natural fragrance oils. There are **no insecticides** contained in these innovative trash bags making them **safe for food handling establishments**.

Medical / Isolation Bags

Puncture & Tear Resistant / Linear Low Density

Linear low density isolation bags are designed for heavy-duty infectious waste, infectious linen and non-contagious linen management. Our linear low density isolation bags feature the **greatest tear and puncture resistant options available**. Imprinted with English and Spanish to help ensure safety and proper use. Ideal for hospitals, doctor's offices, dental clinics and nursing home waste management programs.

Digital Printing On Demand

Envision Digital Print's on-line ordering system allows immediate confirmation of orders for our customer's convenience and peace of mind. We offer a full line of digital printing services. These include full color, black and white and large format printing. Digital printing allows for a cost effective and time efficient solution for small production runs rather than traditional printing of large quantities. Variable data printing can be customized for your targeted audience.

Total Mailing Services

We maintain your customer lists (large or small). We process the list (including Cass certify via the Post Office, and Zip+4 encoding of the addresses). We print, prepare, and mail for you. Most mailings are completed and delivered to customers within 5 to 7 business days. Delivery times depend on quantities and customer deadlines.

Total Fulfillment

Envision Digital Print is dedicated to taking your order from beginning to end. We can store, pack and ship it to your customers. Get the product when and where your customers need it most. In their hands! Whatever the order, Envision Digital Print can fill it.

Contact Fred Cabala 316-425-7116 or Tony Lockwood 316-425-7138

Checks and credit cards accepted. Freight is F.O.B. to the destination. There is a 10% restocking fee on any returned, unopened, undamaged stock items. Return freight is customer's responsibility.

KETCH®

Helping people with disabilities
live and work in the community.

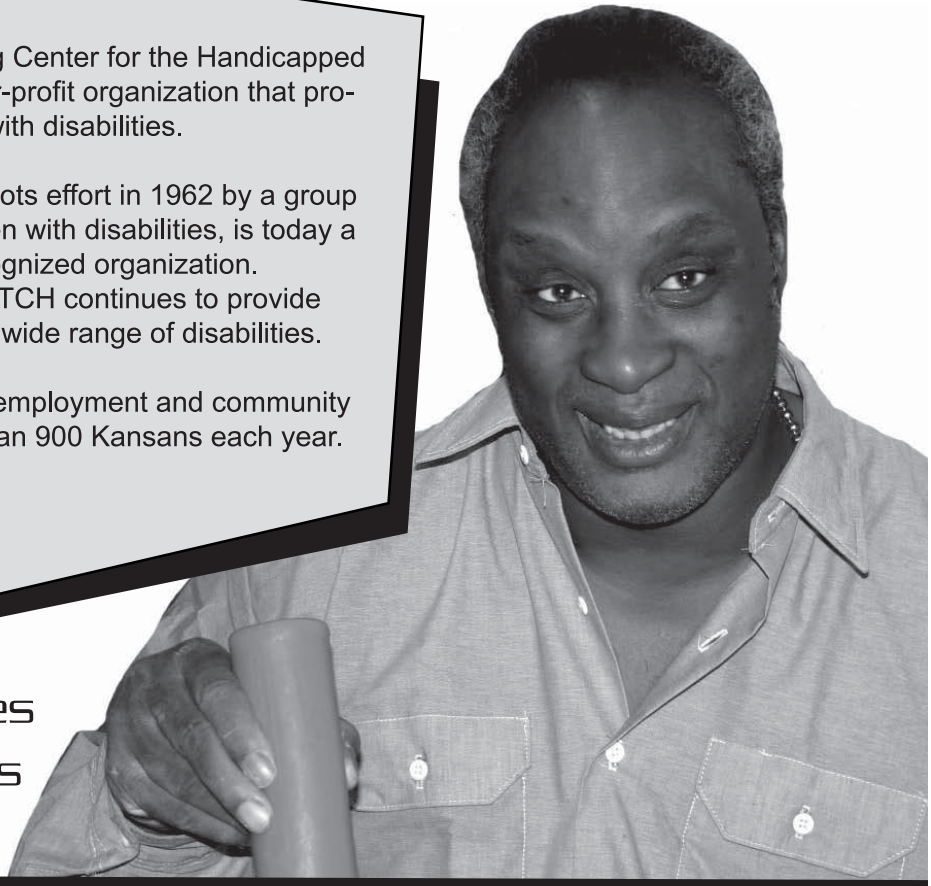

**KETCH products are guaranteed.
If there is a factory error, KETCH will issue proper credit or replacement after receipt and inspection of goods. Freight will be paid by KETCH if a factory error was made.**

The Kansas Elks Training Center for the Handicapped Inc., (KETCH) is a not-for-profit organization that provides services to adults with disabilities.

What began as a grassroots effort in 1962 by a group of parents of adult children with disabilities, is today a statewide, nationally recognized organization. Incorporated in 1964, KETCH continues to provide services to people with a wide range of disabilities.

Today, KETCH provides employment and community living services to more than 900 Kansans each year.

Turning disabilities
into work abilities
since 1962.

Ordering

Written orders may be submitted by mail, e-mail or fax. Phone orders are welcome with a written purchase order to confirm order specifications. KETCH is not responsible for the accuracy of orders placed without a written confirming purchase order from the customer. Please provide a tax exempt certificate with each order.

KETCH binders also available at www.eway.com or call Corporate Express Customer Service at (888)-238-6329 (toll free) or fax (816)-921-0280.

Payment Terms

Invoices are issued with a net 30-day payment term payable by check, VISA, or MasterCard. If you would like to open an account, call us at (316)-383-8770.

Freight

KETCH pays the freight for dock delivery for all state use catalog customers.

Returned Goods

A 20 percent restocking charge is assessed for returned goods. Freight must be pre-paid to Wichita, KS.

KETCH offers high performance standard and custom-size air filters at competitive prices.

- Pleated cotton filters
- Polyester filters
- Fiberglass filters
- Polyester and fiberglass filter pads
- Sold in case quantities only
- 100% recycled content

1" and 2" Standard Size Pleated Air Filters

Filter Media: The filter media used on both standard and custom filters is a high performance, non-woven, cotton fabric fully supported with an expanded metal wire grid.

Filter Trays: The die cut filter trays for standard filters are pearl-coated beverage board. The filter trays used for custom filters are hand-assembled from pearl-coated chip board and are supported with metal material.

Test Results: Pleated filters have an average dust weight arrestance of 92 percent on 1" thickness and 95 percent on 2" thickness per ASHRAE standard 52.1-1997.

Pleats: 1" and 2" pleated filters have 12 pleats per linear foot.

Standard Size Polyester and Fiberglass Air Filters

Filter Media: The filter media used in the manufacture of polyester filters is a synthetic fiber media that exhibits a uniform density and resilient body. The material also has higher arrestance efficiency than fiberglass. The media used in the manufacture of fiberglass filters is a progressive graduated density glass fiber material, composed of continuous filament glass fibers bonded together with a thermosetting resin.

Filter Trays: The material used to manufacture the die cut filter trays for standard sizes is pearl-coated beverage board. The filter trays for custom sizes are hand assembled from pearl-coated chip board and are supported with metal material.

Test Results: Polyester filters have an average dust weight arrestance of 79 percent on 1" thickness and 89 percent on 2" thickness per ASHRAE standard 52-76. Fiberglass filters have an average dust weight arrestance of 70 percent on 1" thickness and 80 percent on 2" thickness per supplier performance data.

KETCH offers a variety of Crews Safety Glasses meeting ANSI Z94.3/Z87. Crews brand provides protection against moderate impact hazards, metal chips, particles, and sparks. Tinted lenses provide sun glare protection only and are not to be worn in welding environments. Special welding lenses provide protection from infrared rays and have the shade number stamped on each lens. **No welding lenses are offered for sale on this page.** However, those we offer through the Crews brand provide virtually 100 percent protection from ultraviolet rays.

Refer to your ANSI manual or a safety specialist for proper selection as some operations may also require safety glasses and face shields, machine guards, etc.

Crews Storm Safety Glasses

Designed for a comfortable fit, the STORM glasses feature a lightweight scratch resistant polycarbonate wrap-around lens with 99.9 percent ultraviolet protection, and ratchet-action temples with non-slip rubber head-grips.

Item Number	Style/Frame/Lens	Each	Minimum Quantity
400-0118	Crews Storm/Black/Gray	\$5.28	12
400-0119	Crews Storm/Black/Clear	\$5.28	12
400-0128	Crews Storm/Blue/Gray	\$5.28	12
400-0129	Crews Storm/Blue/Clear	\$5.28	12
400-0139	Crews Storm/Red/Clear	\$5.28	12

Crews Prodigy Safety Glasses

Designed for a comfortable fit, the PRODIGY glasses feature a wide field of vision with temple side shields. Weighing only 1.2 ounces, this is a perfect blend of style and comfort that also provides 99.9 percent ultraviolet protection.

Item Number	Style/Frame/Lens	Each	Minimum Quantity
400-0217	Crews Prodigy/Black/Amber	\$4.22	12
400-0218	Crews Prodigy/Black/Gray	\$4.22	12

DocuShred

Destruction of all your confidential materials

- One box or tons
- Insured and bonded
- One-time, daily, weekly, monthly, or custom pick-up service
- Or you may drop materials at our site, at your convenience
- Secure transportation of your materials
- Convenient and flexible hours
- Affordable

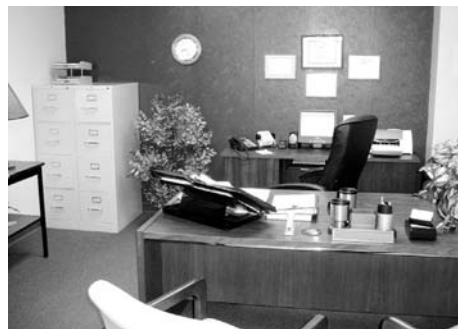

Tri-Valley Developmental Services was founded in 1974 in Piqua, Kansas by five families seeking support for their children with developmental disabilities.

Today, TVDS serves 286 individuals with developmental disabilities in the four counties of Allen, Bourbon, Neosho and Woodson.

DocuShred provides employment for TVDS clients.

From this.....to this!

Every job certified as to date material was destroyed.

NO shredder to purchase and maintain
NO employee wages to pay
NO wasted hours shredding
NO disposal of bulky, shredded material
NO dirt, dust or clean up
NO noisy operation on your premises
NO space taken from your parking lot
NO loss of confidentiality

All materials are baled and recycled to protect our natural resources and eliminate tons of material from our landfills.
